

Dance Queen Of The Night

Dance, Dance, Dance Queen of the Night
Dance, Dance, Dance Queen of the Night

We dance, dance, dance, can't hold back,
Feel the rhythm, feel the track.
A life to live, this moment is ours,
like the queen of the night flowers.

Leave the long road, road behind you,
Forget all the waiting, daily and worries
the pursuit of light, money and power,
Queen of the night, this time belongs to our.

Refrain: We dance, dance, dance, can't hold back,
Feel the rhythm, feel the track.
You beauty of this night, hearts on flames,
lost in the music, caught up in a trance.

Dance, Dance, Dance queen of the night
Dance, Dance, Dance queen of the night

Tonight, the queen of flowers shines bright,
You are here to blossom, to feel alive.
Forget the worries, let them fade,
At this moment in the night, you have it made.

Refrain:

Dance, Dance, Dance queen of the night
Dance, Dance, Dance queen of the night

Make love to me, let yourself go, under the stars,
Yes, Living like there's no tomorrow.
Bloom queen of the night and let go of all the pain,
Leave behind the world's heavy rain.

Refrain:

We dance, dance, dance, can't hold back,
Feel the rhythm - track.

Dance, Dance, Dance queen of the night.

Dance, Dance, Dance queen of the night.

Dance, Dance, Dance queen of the night.
