

# Let's Celebrate Live

Dance with me! Oh, can't you see?  
We're celebrating, just you and me,  
Laughing loud, hearts open wide,  
This is our world — come take the ride!

Come with me, this is our day!  
Friends and family light up the way.  
This is our life; we shine as one.  
Life calls — joy has begun!

Refrain:     Dance with me, Oh, can't you see?  
                  We're celebrating, just you and me.  
                  Oh yes you, you feel the glee,  
                  Let's celebrate life! Just you and me!

Let's celebrate life! Just you and me!  
Let's celebrate life!

Morning light, coffee's hot glow,  
Pursue your dreams, fly wherever the wind blows.  
Every smile, every shared word,  
Moments like these are the sweetest heard.

Refrain:       .....

Let's celebrate life! Just you and me!  
Let's celebrate life!

So, raise your glasses, let's toast tonight!  
To every heart that feels so right.  
We're not just living — we're alive!  
In this moment, we experience the beauty of life.

Refrain:       .....

Let's celebrate, embrace the bliss.  
Here and now, nothing's amiss.  
Together we rise, together we strive.  
With this dance, let's celebrate life!

Let's celebrate life! Just you and me!  
Let's celebrate life!
